In support of the GLOBAL OUTSOURCING 100  
2025 application:

As an On-Demand Manufacturing business specializing in mission-critical parts, Sinterex has had the pleasure of collaborating with Computools, a distinguished software development company. Throughout our partnership, Computools demonstrated exceptional professionalism and expertise, which significantly contributed to the seamless integration of our services and operations.

The collaboration with Computools was marked by a proactive approach to problem-solving and an unwavering dedication to meeting deadlines, which is crucial in our line of work where timing is often critical. Their ability to understand and align with our objectives has made them a valuable partner in our ongoing quest to provide top-notch on-demand manufacturing solutions.

We look forward to continuing this productive relationship and are confident in recommending Computools to other firms seeking dependable and high-quality software development services.

Best regards,

Dr Arsalan Sami  
Managing Director
